FOR IMMEDIATE RELEASE

PAYMENT CONTROL GUIDANCE

The Ministry of Finance remains committed to advancing the goals of the Government of St. Kitts and Nevis underpinned by good governance, transparency and accountability. In so doing the Ministry continues its efforts to ensure proper public financial management, of which the Intelligent Treasury Management System (ITMS) plays an important part. In keeping with the electronic payment module in this System the Government discontinued the use of Purchase Order Books. In this regard, business operators and service providers are asked to accept ITMS computer-generated Purchase Orders only when supplying goods and services to the Government Ministries/Departments.

The Government of St. Kitts and Nevis will not be liable for goods and services provided which are not in keeping with the established procedure.

An example of the computer-generated Purchase Order is attached as part of this Press Release for your information and records.

If additional information is required, please contact the Office of the Financial Secretary at finsec@gov.kn or 869-467-1088.

Thank you for your cooperation.
